THE CITY ELECTION.

book of impressions received while visiting this

rather than to facilitate illegal voting.

nting both political parties, before whom challenged voter should be required to pro-

reports have come from other counties. If there was no lilegal voting, it was surely not because of any legal obstacle, or of any legal obstacle, or of any determined for the part of citizen's to prevent my large of the citizen's against many large of the candidate of the citizen's against many large of the candidate large many large my lar These aws woull not remain what they are if the good them was barely detested after a long distance the governments of a ledit in the states the opportunities, the political machine that the south and from other states without either to subjected to the civil-service rules are controlled the legislation of this state. Both the south and from other states without either the subjected to the civil-service rules and examination. It will intercer with the parties have depended upon these opportunities, when they erms together that there would be and examination. It will intercer with the controlleds, for securing some advantage over an odificulty in defeating the proposition in campaign funds around the legart to subjected to the civil-service rules and examination. It will intercer with the solid committees, there would be each other, and unless the machine men could be made to believe that they are in danger to be the committee from Missa.

Senator Ingalls, Harrison and Bewley, all of the committee from Missa. politician. On the other side of the question
Senator Logue, then member of the national
committee from Illinois, presented the numbrines
of the Chandler scheme, as he understood it, of the Chandler solveme, as no unarrawing it, and it was about to be defeated early in the Chate, whon the Rev. Mr. Ficks who made Besser, Tom Connell and Dr. Giltner. The chimself known to the country as the spiritual offer may be the successful cholen of the best strained to the successful cholen of the s adviser of Gritoau, jumped up and proceeded citizens if they will go and a tend to it. What to speak for "the south" as member of the committee from Porida. He is a glib talker, though he was at that time the paster of a church in Brooklyn, and had no special interest

should be the distranchisement of the convicted original. In many places of vil service reform this made great progress, but there is need of z country. While it would seem at first thought, that the fairest way would be for the states are no power of the conduct of elections. In this state, particularly, it is high time for all decembers the candidate, on second thought in the candidate, on second the condition of the condition of the condition of the condition of the candidate, on second the condition of the condition of the candidate in the candidate in the candidate in the candidate in the candidate is a second country of the delegator, than an unw, where they are more widely seatured. The late control of the condition of the candidate where suppliciously "open to country the candidate."

The late of the about the candidate in the candidate is a second country of the candidate. In the late of the condition of the candidate in the c at the should bring the necessary presents to home candidate, who is supposed to have all the boar spon the legislature, to secure anch a revision of the election laws as will adapt them to the present condition of offences. It is of fact, it ought to be consolined to those who have a make long faces over the politic if degeneracy of which is the constitution of the statement of the consoline to those who have a make long faces over the politic if degeneracy of second win in any general election than it is the times to note the fact that where delegations that the state should be delivered from the or individual delegates are breight over from whole abboured even that have swarmed like one candidate to another, it is the result of armicles binds to the scale of power, and main gument and reasoning and such institute. The leaders with the best workers among men

country, says it is a source of surprise to all

intelligent foreigness that we manifest so much more interest in maticinal than its muticipal plections. In ordinary times, and in fact at almost any time, it is of greater consequented to use that he city overament should be clean and house, that local affairs should be well attended to, that life and property should be raised by fact, that crime should be detected and our about the rime should be accounted that no money should be raised by fact, that one house should be raised by fact, that one house should be raised by fact, the support of any paper. There mentions the natural should be elected. The coming election of members of the coming election of members of the coming election of members of the coming election of the municipal government han that a republican or a democratic president should be elected. The coming election of members of the city, with a mention of the coming election of members of the city council is really the meal important election of the paper. In it are involved inverses of vita, moment to every inhabitant of the city, while it will not make the city of the proposition that no ment to every inhabitant of the city, while it will not make the city while it will not make when the city while it will not make when the city while it will not make whether one of the interests of vita, moment to every inhabitant of the city, while it will not make the city while it will not make whether one of the other of the paper and the character of the paper and the character of the paper and the character of the control of the paper and the character of the character of the paper and the character of the paper and the character of the c haddant of the city, while it will not make the mass of our population whicher one or the other of the partice win in the national contest. The people, there'ere, should begin at one to agree upon the candidates they desire to surport in the difference to surport in the difference of they desire to surport in the difference on the candidates they desire to surport in the difference of they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the candidates they desire to surport in the difference on the difference of the candidates they desire to surport in the difference on the candidates and more desired as a surport in the difference on the candidate of the partice. The making to not expenses and more effective way than by toping the sesociated press reports.

** We will a wais the condition of the difference of much difference to the mass of our population whether one or the other of the parties win in

influence to that end. There is no objoulon to supporting a man because he is the candidate.

It is dispatches.

After condemning a number of the more natural that is the candidate of a party, provided he is sound and reliable on the main question. But is distincted in party issues can have no place, except as a means of party discipline, and they can have no use as such unless the nominees are acceptable to the rotes who want the affairs of the city, which are their own personal affairs in a large sense, well administered, and who want the kalonas to make some higher pecuniary reportation for damage which they infinit upon the city.

All over the nominees are should not the back of his neck: an analyst that say, A great many, for in walking of the death of R. A. Goodenong, who invaried is horselved and stored on the back of his neck: and yet, when one thinks seriously, there is nothing very unknowned about it. I ow if to had invented a carbumele and died of a horselved on the back of his neck: two back of his neck: two back of his neck it would have been understooped in acquainting any personal prohibition of interesting on the back of his neck it would have been understooped his acquainting any personal prohibition of interesting of the city, which is an apparent prohibition of interesting on the back of his neck it would have been these of his ancest and don't want to like an apparent prohibition of innocent of the proposed his acquainting an animor of the more analysis of the section of the proposed his acquainting an animor of the more analysis of the proposed his acquainting an animor of the more analysis of the proposed his acquainting an animor of the more analysis of the proposed his acquainting an animor of the more analysis of the proposed his acquainting an animor of the more analysis of the proposed his acquainting and an animor of the proposed his acquainting an animor of the more analysis of the proposed his acquainting an animor of the proposed his acquainting an animor of the proposed his acqua influence to that end. There is no objection meet the expense of receiving and publishing

ured in the struggle with the rum only reason, therefore, for "allowing Tuz Ongpower; in other words, men who are in favor of contan a monopoly of the dispatch business,"
High license, and Tan Onecontan will use its in that it is the only paper which is able to

the paternel and portly Plon-Plon, and in that light may be regarded as a public bounds. But we can be campaign? The Journals attached the sample of the party to take the road to defeat and ruin. The walls walls Union any of the manifestor of the Donaparté infant as dangerous to its existence.
